Seminar lesson № 8_____

Topic: Peculiarities of communication with parents.

Purpose: Deepening the knowledge and mastering the skills of communication with the child's parents regarding the probability of having bronchial asthma in the child and communication with the parents of a child with a chronic cough, obtained in the process of studying the subject; promoting the development of creative thinking. The ability to logically express and argue one's thoughts, to listen to each other, to criticize productively.

Basic concepts: Communication skills. Probability of bronchial asthma in the child. Chronic cough.

Equipment: a child's dummy for auscultation

Study time: 1 hours

Plan

I. Organizational measures (greetings, checking those present, announcing the topic, the purpose of the lesson, motivating applicants to study the topic).

II. Control of basic knowledge (frontal survey on basic terminology)

Questions to check basic knowledge on the topic of the seminar:

1. Communication with the child's mother regarding the probability of the child having bronchial asthma
2. Communication with the mother of a child with a chronic cough.

III. Discussion of theoretical issues:

1. Algorithm of communication with the child's mother regarding the probability of bronchial asthma in the child.
2. Algorithm of communication with the mother of a child with a chronic cough.

Discussion of theoretical issues can take place in the form of role-playing, answers to questions, debates, discussions, presentations with reports, abstracts, discussion of reports and abstracts, review of answers, etc.)

Themes of role play/reports/ summeries

1. Communicative skills of communicating with the child's parents regarding the probability of the child having bronchial asthma (role play).
2. Communication skills with the parents of a child with a chronic cough (role play).
3. Providing emergency care to children with cough (report, discussion, discussion of reports and review of answers).

When preparing a report, role-play, essay, analytical review, etc., applicants of higher educational level can, along with this, prepare didactic visual aids in the form of tables, code diagrams, slides, drawings, portraits of famous specialists, preparations, etc.).
