Seminar class № __8__

Topic: Counseling of parents is aimed at the development of the child.

Purpose: To deepen knowledge and master the skills of assessing the physical development of newborn children, obtained in the course of studying the subject; promoting the development of creative thinking. The ability to logically express and argue one's thoughts, to listen to each other, to criticize productively.

Basic concepts: Counseling of parents, psychomotor development, child development.

Equipment: a baby mannequin

Study time: 2 hours.

Plan

I. Organizational moment (greetings, checking the audience, the message of the topic, the purpose of the lesson, the motivation of applicants to study the topic).

II. Control of basic knowledge (frontal survey on basic terminology)

Questions to check basic knowledge on the topic of the seminar:

1. Psychomotor development of a child under 6 months of age
2. Psychomotor development of a child from 6 months to 1 year
3. Psychomotor development of a child from the 1st year to the 3rd year

III. Discussion of theoretical issues:

1. Communication with the mother of a child under the age of 6 months for the purpose of the child's development
2. Communication with the child's mother for the purpose of the child's development from 6 months to 1 year
3. Communication with the child's mother for the purpose of the child's development from the 1st year to the 3rd year

Discussion of theoretical issues can take place in the form of role-playing, answers to questions, debates, discussions, presentations with reports, abstracts, discussion of reports and abstracts, review of applicant answers, etc.)

Themes of role play/reports/abstracts

1. Counseling of the mother and family for the purpose of child development (report, discussion, discussion of reports and review of applicant answers).

2. Counseling of the mother and family for the purpose of development of a child under the age of 6 months (role play).

3. Counseling of the mother and family for the purpose of the child's development from 6 months to 1 year (role play).

4. Counseling of the mother and family for the purpose of the child's development from the 1st year to the 3rd year (role play).

When preparing a report, role-play, essay, analytical review, etc., applicants can, along with this, prepare didactic visual aids in the form of tables, code diagrams, slides, drawings, portraits of famous specialists, preparations, etc.).
